Message from the Parish Council

The final meeting of the existing Parish Council recently took place, and I would like to express my sincere thanks to the team of Councillors, and Parish Clerk, who have worked tirelessly on behalf of the Parish over the past 4 years. It has been an unprecedented time, with Covid -19 impacting in a way no one could have predicted. On behalf of the Council I would also like to formally thank all of the volunteers who stepped forward to help keep us safe, and also the many other volunteers who step forward time and again to support the community.

As you will be aware there will be Parish & District Council elections taking place on 4 May and please remember to take a form of photographic ID with you – this can be a passport, driver’s licence – as without it you will not be able to register your vote.

This year’s Annual Parish Meeting will take place in the Village Hall on 15 May, and preceding the meeting from 6 pm, there will be an hour’s defibrillator training for those wishing to learn about, or refresh, their knowledge. We do hope you will be able to take advantage of this. As you know there are three defibrillators in the village sited, one outside The Greyhound, one on Warborough Road and one on the outside of the Village Hall.

The Coronation of King Charles III is to be celebrated in the Village with a Coronation Tea in the Village Hall on Monday 8 May. A poster giving details appears elsewhere in the Register (page 10). Thank you to those of you who have stepped forward to volunteer with offers of cakes, scones, and help on the day. This event is free to all in the parish and be a chance to meet together to renew acquaintances and forge new links and celebrate the true community spirit that exists. Please remember to book early via the Parish Clerk, as there will be a limited number per sitting. This year we will be entertained with a Magic Show for the younger residents, and those who are young at heart, and there will be musical entertainment from the Hendred Ukelele Group, HUG.

Finally, as the village continues to bloom with a cloud of daffodils, the Parish Council wishes you all a Happy and Healthy Easter.

Cllr Jeanne Lapsley
Chairman
Letcombe Regis Parish Council

Letcombes Gardening Club

Topical Tips

We are well and truly into spring now and that means lots of jobs in the garden. Hopefully the weather is going to be kinder as it makes gardening so much more fun!

Of course, as the temperatures rise everything starts to grow, including the weeds, so make sure you keep on top of the weeding.

You should have left the job of pruning more tender perennials so that the top growth protected the plant. However now is the time to tidy them up. This also applies to lavender if you didn't prune it late last summer. You can also take cuttings of tender perennials now.

Hardy annuals can provide lots of summer colour so don't shun them! You can sow them directly outside now in drifts but make sure you mark out where you have sown them so that you don't hoe up the emerging seedlings when you are weeding! As a bonus, many can also make really good cut flowers.

It is finally time to cut back those colourful winter stems. This applies, for example, to cornus and salix and should be done at the beginning of the month.

You're probably safe to remove any frost damaged shoots from evergreens now and while you're doing this, check for any reverted shoots on variegated shrubs. Cut these out otherwise you will eventually end up with a completely green plant!

You can prune fig trees this month but do be warned. The more you cut the more it will grow so tread carefully otherwise you will continually be playing 'catch up'.

If you fancy a bit of propagation then why not try a bit of layering? You may find that some of your climbers, like honeysuckle and jasmine, have already done the job by themselves but if not then simply pin some lax shoots down to the soil and they should eventually root. This should also work with hydrangea and philadelphus.

You have probably never thought of this (I certainly haven't) but your aquatic plants can really benefit from a feed if you have a pond. Water lilies are hungry plants and you can buy special aquatic slow release fertiliser tablets which you can insert in the pots. A job for a warm day I reckon!!

I really need to move on to fruit and veg now, as April is a really busy month, especially if you have an allotment. However, do proceed with caution as you could waste an awful lot of time planting out seedlings and then a night frost suddenly appears out of nowhere. Remember. An allotment or veg patch will always catch up but you won't get that wasted time back!

You should be completing your planting of seed potatoes now. If you have a greenhouse then you can sow courgettes, squash, corn and cucumbers this month. They are fast growers once they germinate so they are a prime example of gardeners being too enthusiastic and starting them off too early, only to lose them when they are put in the ground. They should be planted out in early May.

You can sow your peas and summer broad beans now. Put the supports in for the peas early and, while you're at it, put in your runner bean poles too so you get ahead of the game.

Well I think that's a good subset of the jobs you can be getting on with this month so I'll let you get outside and enjoy!

Letcombes Gardening Club

THE GREAT PLANT MARKET!

Everybody put Saturday 22 April 2 – 4.30pm in your calendar! That is the day of the annual Gardening Club Plant Market. There will be something for everyone. Plants galore, garden sundries, in fact you may even find a mower or two, lots of advice and tips and, last but not least, teas and wonderful cakes. Everyone is welcome and we look forward to seeing you all at Letcombe Regis Village Hall.

District and Parish Council Elections - Thursday 4th May

To be able to vote at the elections you need to be registered at your current address by midnight on 17th April 2023.

To vote at a polling station you must bring photo ID with you. A passport or Driving Licence is acceptable and must be in the same name as you used to register to vote.

If you need any further information please go to <https://www.electoralcommission.org.uk/>

Parking in Letcombe Regis

Please take care when parking especially on narrow roads throughout Letcombe Regis such as Main Street and South Street. Especially for Emergency vehicles and ensure that they can pass safely.

The same applies to parking on pavements, where enough room should be left for invalid scooters and double buggies to get past without having to use the roads.

Letcombe Football Club

March was our first disappointing month of the season. We lost 2-0 at home to title rivals Swindon Supermarine development and then drew 1-1 at Faringdon Town who are also title contenders. We still have to play both of these teams again in league fixtures in the next month. We also play Supermarine away in the Hellenic Challenge cup in our next fixture. We also lost 3-0 in the quarter final of the Berks & Bucks cup at SB Phoenix in Slough, probably our worst performance of the season. The next few weeks will be crucial in our bid for honours.

Home fixtures in April are :

Saturday	1 st	Letcombe reserves	v	Compton	2.00
Tuesday	4 th	Letcombe	v	Faringdon Town	6.30

Letcombes Women's Institute

This year we've had to amend our regular schedule, because two of our "Second Mondays" are Bank Holidays. This month it would be Easter Monday, when most of us will be enjoying ourselves with our families, and next month we will be assisting with the coronation celebrations.

So this month we are going to meet on the morning of April 24th at Court Hill, where we shall enjoy coffee and cakes, and a social time, starting around 10 to 10.30. We hope everyone can make it, and visitors would be very welcome!

More news next month, when we hope to have arranged a trip out.

Issue 212

Friends of the Letcombe Valley Community Nature Reserve

Work parties continue in the Community Nature Reserve on Saturday, 15 April from 13:30 to 16:30. Please meet near the lake notice board by 13:20 for the tasks and safety briefing. The main tasks are likely to be scrub clearance, fence repairs, minor tree pruning over paths and general maintenance. Wellingtons will be required to work on the new pond. Tools will be provided, and refreshments too mid-afternoon, but please take your own work gloves.

April is the month of new beginnings as Spring unfolds and wildlife responds to warmer air temperatures and longer day lengths. Early butterflies, including Red admirals, Small tortoiseshells, Peacocks, Commas and Brimstones, which have hibernated as adults in hollow trees, amongst tree roots or piles of brushwood are tempted out. Their bright colours catch the eye as they search for scarce nectar amongst the blossom and catkins in the Reserve. Commas, photo credit left:

Gillian Taylor, are particularly fine, glowing orange and brown on the upper wings with a distinctive ragged outline. Their name possibly comes from a small white mark on the underside of the hind wing (right) which is seen clearly when the butterfly is

resting.

Spring migrants are returning and replacing the winter migrant birds, such as Fieldfares and Redwings. Chiffchaffs, named after their call, have already been observed in the Community Reserve and are one of the first to reach the UK from Africa along with Wheatears that pass through heading north or west to their breeding grounds, photo credit: Ron Knight (CC BY 2.0). The name Wheatear refers to their distinctive white markings on the rear and comes from a Saxon word for rump. Resident Song Thrushes will be breeding this month having built their cup-shaped nests of dry plant stems low down in trees, shrubs or ivy and lined with smooth mud held together with saliva for up to three broods of around five eggs.

Other animals emerging from hibernation in the Reserve on warmer days will be less conspicuous, including grass snakes (the UK's longest and harmless snake) and bats. As reptiles, grass snakes will bask in the sun to raise their body temperature for active hunting of amphibians, fish, small mammals and birds. Bats, including the Pipistrelle (the commonest and smallest of the UK's 18 species) will be most energetic at dusk skimming over the lake, between trees and over hedgerows for insects.

The Reserve hedgerows are frothy with Blackthorn blossom which appears before the leaves. These delicate, white flowers are another useful source of early nectar for insects, while the thorny branches provide safe nesting spots for birds and for rare Brown Hairstreak butterfly eggs laid on young blackthorn stems of two to four years old in the autumn to hatch into the next adult generation in Spring, photo credit (female): Robin Webster (CC BY-SA 2.0). Beneath the hedges and under the trees, curls of green leaves of Lords and Ladies, commonly called Cuckoo Pint or Jack-in-the-pulpit, are pushing up.

This BBOWT Community Reserve and its wonderful wildlife is, thankfully, safe from development. Sadly other wildlife habitats are not so fortunate. The Wildlife Trusts carried out a year-long, in-depth study of the current plans to mitigate environmental damage due to HS2 construction work and, unfortunately, found them deficient. The report resulted in an open letter to government to ensure that HS2 Ltd recalculates before further work is completed and more irreversible damage is caused to habitats and wildlife. The report, published in February 2023, may be read at [What's the damage - Full Report digital2 0.pdf \(wildlifetrusts.org\)](#). The current hold on sections of the construction due to spiralling costs provides an opportunity to secure the commitment to biodiversity 'no net loss' and 'gain' so if you wish to add your name to the open letter at [HS2: is it worse than you think? Sign the open letter | The Wildlife Trusts](#), it is not too late to do so.

The Letcombes Conservation Group

The season of Easter has many symbolic links to nature and are reminders of the importance of the Downland area of outstanding natural beauty surrounding the villages. Spring lambs gambolling on the local farmland is an uplifting and welcome sight after winter. The lamb was a sacrifice made during the Jewish Passover commemorating the flight from slavery in Egypt and is still an important part of the Passover Seder plate. The lamb is one of the most significant symbols of Easter embodying purity,

goodness and sacrifice with Jesus being referred to as the 'Lamb of God' and 'our Passover lamb' rising from death to new life after crucifixion during Passover week. The traditional Easter lily symbolic of that new life is a cultivated form originating from a species now rare in the high valleys of western Galilee and Mount Hermon. It has three to ten large snow-white blossoms grouped along the top of a stem two to four feet tall which remain open day and night with their heavy sweet scent increasing in the evening. Sadly this wild lily was sought and over-picked to near extinction after a 17th century papal edict gave the lily official religious confirmation. However, the lilies mentioned throughout the Bible are thought to have

included other wild flowers of the valleys and fields in addition to wild lilies and the wildflowers of St. Andrew's churchyard are always a splendid spectacle.

The riches of our surroundings should not blind us to the series of interconnected challenges to the natural environment. Effective action is required in order to restore nature and to improve the quality of the air, water and land in the UK and to meet some very challenging targets to which the UK is committed. The government set out its five-year plan for environmental improvement on 31st January 2023 promising: to create and restore at least 500,000 hectares of new wildlife habitat with 70 new wildlife projects including 25 new or expanded National Nature Reserves and 19 Nature Recovery projects and a Species Survival Fund; to deliver a clean and plentiful supply of water for people and nature including 400 miles of river in Landscape Recovery projects; to require councils to improve air quality more quickly; to support farmers to transform the management of the countryside by adopting nature-friendly practices initially on at least 10% of their land by 2030, including restoring thousands of miles of hedgerows; to boost green growth and create new jobs from foresters and farmers to green finance and R&D. In addition, the public will benefit from access to green space or water such as woodlands, wetlands, parks and rivers within a 15-minute walk from their home. The full plan is available from [Environmental Improvement Plan 2023 - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/consultations/environmental-improvement-plan-2023).

The renewed focus in this plan on delivery of nature restoration and improving public access to the natural environment is welcome, though environmental organisations point to the slow progress towards the UK's target to protect 30% of our land and sea for nature by 2030 against a dismal baseline of being one of the most nature-depleted countries in the world. The Wildlife Trusts are particularly concerned by the Retained EU Law Bill which will automatically bin hundreds of environmental laws that were part of the EU membership on 31 December 2023 if they have not been explicitly retained by ministers. The deadline is too soon for Defra to deal with the number of aspects of environmental law within their remit. Aspects that could be lost include species protection of dormice, otters and dolphins, as well as conservation designations such as chalk downland, animal welfare and pesticide regulations. Parliamentary time is required to gradually replace these retained EU laws after debate, scrutiny, consultation and consideration of the impacts on our environment. Further information and suggested action is available at [Government threaten to scrap environmental laws in silence | Berks, Bucks & Oxon Wildlife Trust \(bbowt.org.uk\)](https://www.bbowt.org.uk/news/government-threaten-to-scrap-environmental-laws-in-silence)

The Letcombes Conservation Group will meet on 19 April at 7:30pm in the Warborough Room, Letcombe Regis Village Hall. A short AGM will include discussion on future activities for 2023 and be followed by highlights of the annual reports on birds, butterflies, moths and wildflowers, photo of Frog orchid by Gillian Taylor. Interested residents and friends are very welcome, as are new members. If you hope to attend and are not a member, please contact the chairman on 763529.

Letcombe Regis Parish Council
will be hosting a FREE

**KING CHARLES III
CORONATION
TEA**

**On Monday 8th May , 1.30pm – 6.00pm
In the Village hall**

(There will be two sittings from 2.00pm - 3.30pm
and from 4.00pm - 5.30pm)

**Villagers and Guests are Welcome but you must

Issue 212

Book Buffs

The next meeting will be held on Thursday 6th April in the Greyhound at 8pm.

We shall be reviewing *'The Elegance of the Hedgehog'* by Muriel Barbery and any Agatha Christie we have read.

The new library book is *'Tin Man'* by Sarah Winman, the alternative being *'Someone Else's Shoes'* by Jojo Moyes.

Yoga with Beth

Classes start again on 18th April. Suitable for people aged mid-life+ and newcomers are very welcome.

www.beyoga.co.uk

Film Club

Wednesday 12 April
'Living'

Many thanks to the hardy souls who braved the snow and wind on a dismal February evening to come to the Village Hall to see *'The Lost King'*. We all learned a lot more about the discovery of Richard III's body in Leicester.

We are banking on better weather for film night in April and hope you can join us to watch one of last years (2022) most critically acclaimed films - *'Living'*. Set in 1953 in post-war London, this British drama tells the story of Rodney Williams, a sad and lonely civil servant whose life changes when he faces a terminal illness. Bill Nighy plays Rodney in a critically acclaimed performance, leading to both BAFTA and Oscar nominations for Best Actor for Nighy.

The film is based on a book called *'The Death of Ivan Llyich'* by Leo Tolstoy, which has been adapted for the big screen several times, this time by the popular and Nobel prize winning writer Kazuo Ishiguro, who was Oscar nominated for the screenplay. Many of you will have read Ishiguro books or seen film adaptations, mostly famously the award winning *'Remains of Day'*. In writing the screenplay for *Living* he has certainly lived up to his excellent reputation.

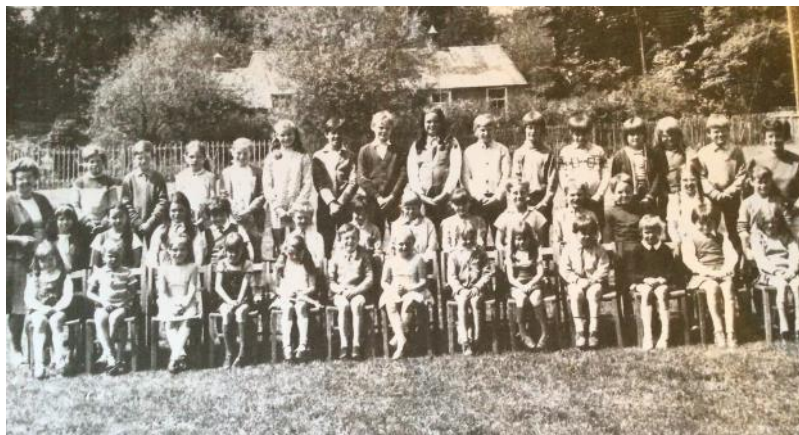

Critics and audiences alike have loved this film, and although the theme is hard hitting, it is a life affirming story of how peoples lives can be transformed, no matter what age you are. Hope you can come along to see it.

Film starts at 8pm; doors open at 7.30. Refreshments available so come along early and catch up with friends.

our village school headmistress

Joan was headmistress of Letcombe School from 1961 to 1981. Not long after her retirement, she died and a memorial bench was placed on the school playing field. Subsequently the Millennium Green was established and the bench disappeared. Now, after twenty years, the original plaque in Joan's memory has been found and restored and set on one of the new benches on the Millennium Green. This is very welcome news to all those who remember her as a caring, hardworking teacher and a kind friend and neighbour.

Ro Jelinska

Joan in 1975 - Standing to the left of her pupils

St Andrew's

After a week of snow, frost and heavy rain, the morning of 12th March was relatively benign for our monthly Holy Communion. The Revd Mary Harwood presided over a well-attended service and it was lovely to welcome Vivi McCoubrey - your previous correspondent on these pages - back from her holiday with her family in New Zealand. Mary mentioned not only the arrangements for Holy Week but also reminded us of the installation of our new Rector on 14th April.

March and April are special in the life of the church. Lent and Easter nearly always fall during these two months and also there are three Patron Saints' Days. St David on 1st March, St Patrick on 17th March and St George on 23rd April. The UK patron saint whose life is not celebrated in the spring is St Andrew on 30th November. St David is the only UK Patron Saint who was born in his patron country sometime between 462 and 515. He was a monk known for his pious austerity and the miracles he performed but was not canonised till 1120. St Patrick was born in Roman Britain in the 5th century and having been captured by Irish raiders he escaped from them and having worked as a shepherd he eventually spent many years preaching about the life of Jesus in Ireland. St George, despite the apocryphal stories about the dragon, was almost certainly born in Turkey and eventually having spread the Christian Gospel was martyred for his faith. It was only in 1348 when King Edward III founded the Order of the Garter that he chose St George to be England's patron saint.

On 26th March the bells rang out to welcome everyone to the Lay-led service which was presided over by David Allchin. He gave us the good news that our new Rector - Ness Brunner-Ellis - has moved into the Rectory. She has been presented with a hamper to help with the hard work of settling in to her new home.

On Easter Sunday there will be Holy Communion at St Andrew's at 10 am. The other important event in April will be the Installation of The Reverend Vanessa Brunner-Ellis at Sparsholt on 13th April. As ever all the monthly services throughout the Benefice can be found in The Signpost.

Letcombe Sports and Social Club

Pizza At The Pavilion will return, as promised, next month. Dates are still to be confirmed, but are likely to be the last Fridays in May, June, July, August and September. We may squeeze one in at the end of April, but that is TBC. The dates will also be confirmed via the [Letcombe Regis and Bassett Face Book page](#).

The Sports & Social Club Membership year runs from 1st June each year. For those Members who are used to renewing, please use the same bank account details as previous years. If you do pay by Bank Transfer, then please put your name as the reference and email The Secretary @ letcombesportclub@gmail.com confirming you have paid. Membership remains the same, at £12 per person per year. There have been discussions about introducing a "family" or "household" membership, but that hasn't been voted on yet. It will be discussed at the next AGM.

Bank Details

A/C Name: Letcombe Sports and Social Club
Sort Code: 20-68-15
Account No: 13277429

If you are not yet a member, and are interested in finding out more about what the Club has to offer, then please contact The Secretary.

The committee gets elected each year at the AGM (June/July), and consists of 2 x Football reps, 2 x Tennis reps, 2 x Darts reps, 2 x Cricket reps and 2 x Social reps.

Richard
Secretary, Letcombe Sports and Social Club
